

Skelton and Burton Green History MTP

Geography/History are taught alternating half terms.

Objectives for learning are taken from each year group on the 'History Learning Progression' document.

Two learning objectives will be taught together. One key strand objective (Chronological knowledge, Range of depth of Historical knowledge, Historical interpretation) and one historical enquiry objective.

Key events from our History Timeline are used to teach our progression of learning through.

2021 - 2022
